CGPA - 7.9

Bangalore | 2019-2023

Anantha Vidyaniketan Collage
PCMB
Grade-75%

Bangalore | 2017-2019

WORK EXPERIENCE

Front-End Developer (iOS & Android)

Ivyis Technologies Private Limited | 11/2023 – Present | Bangalore

A technology company focused on developing innovative software solutions

- Built and deployed cross-platform mobile applications using Flutter for both Android and iOS
- Designed responsive UIs with smooth navigation, animations, and adaptive layouts for various screen sizes
- Collaborated with the backend team to integrate RESTful APIs and ensure secure, efficient data handling
- Participated in Agile development processes including sprint planning, standups, and code reviews
- Successfully delivered multiple mobile applications for domains including e-commerce, education, and utilities
- Contributed to open-source Flutter components and led internal training sessions for junior developers

PROJECTS

Online Quiz App – Bangalore

- Collaborated with a team to develop a cross-platform quiz application using Flutter
- Implemented features such as user registration, quiz participation, score tracking, and dynamic UI updates
- Integrated Firebase for user authentication, cloud data storage, and real-time updates

College Management App – Bangalore

- Built a mobile app using Flutter for faculty and students to manage academic activities
- Features included real-time notifications, academic calendar, fee payment, attendance tracking, and exam scores
- Faculty could upload attendance, publish results, share announcements, and manage student records
- Worked on UI/UX design, backend integration, and role-based access control.
